Cheniere Energy Partners Reports First Quarter 2009 Results

HOUSTON--(BUSINESS WIRE)--May 8, 2009--Cheniere Energy Partners, L.P. ("Cheniere Partners") (NYSE Amex: CQP) reported net income of \$13.6 million, or \$0.08 per limited partner unit (basic and diluted), for the first quarter of 2009 compared to a net loss of \$14.5 million, or \$0.09 per limited partner unit (basic and diluted), for the corresponding period in 2008.

Operating results increased \$47.5 million, from an operating loss of \$4.1 million for the first quarter of 2008 to operating income of \$43.4 million for the first quarter of 2009 due to the Sabine Pass LNG receiving terminal being placed into service during the second half of 2008 and the Cheniere Marketing, LLC terminal use agreement ("TUA") with Sabine Pass LNG, L.P. ("Sabine Pass LNG") becoming effective in October 2008. Revenues for the first quarter 2009 consist of capacity payments made from Cheniere Marketing, LLC under its TUA. LNG receiving terminal development expenses decreased by \$1.9 million, and LNG receiving terminal operating expenses and depreciation and amortization expenses each increased by \$6.6 million from the first quarter of 2009 compared to the first quarter of 2008. Interest expense increased compared to the prior period primarily due to less interest expense qualifying for capitalization during construction with the placement of a portion of the terminal into service. Additionally, the average outstanding debt balance was higher in the first quarter of 2009 compared to the prior period of 2008.

Cash and Cash Equivalents

At March 31, 2009, Cheniere Partners had cash and cash equivalents of \$169.9 million. These unrestricted funds are available for construction, working capital and general purposes. Included in Cheniere Partner's unrestricted cash balance at March 31, 2009 is \$62.4 million paid by Cheniere Marketing, LLC for its second quarter 2009 TUA capacity payments. Cash and cash equivalents also includes the first capacity payment received from Total LNG USA, Inc. under its TUA with Sabine Pass LNG for the month of April 2009.

At March 31, 2009, Cheniere Partners had restricted cash and cash equivalents and treasury securities of \$170.1 million, including approximately \$82.4 million in a permanent debt service reserve account and \$54.9 million for four months of interest as required under the indenture governing the Sabine Pass LNG senior notes, as well as \$32.8 million for distributions to Cheniere Partners' common unit holders and general partner.

2009 Outlook

Construction is ongoing for the remaining portion of the Sabine Pass LNG receiving terminal and is expected to be completed during the third quarter of 2009. Total construction costs excluding financing costs continue to be estimated at \$1.559 billion. Costs incurred through March 31, 2009 were \$1.465 billion. The TUAs with Cheniere Marketing and Total became effective in October 2008 and April 2009, respectively, and Chevron's TUA will become effective during July 2009.

Cheniere Partners estimates its annualized distribution to unit holders will be \$1.70 per unit. Distributions for the first quarter of 2009 will be paid May 15, 2009.

Cheniere Energy Partners, L.P. owns 100 percent of the Sabine Pass LNG receiving terminal located in western Cameron Parish, Louisiana on the Sabine Pass Channel. Once construction is complete, the terminal will have send-out capacity of 4.0 Bcf/d and storage capacity of 16.8 Bcf. Construction for 2.6 Bcf/d was completed in 2008 and construction for the remaining 1.4 Bcf/d is expected to be complete in the third quarter of this year.
